

Comments on Notice of Inquiry, ET Docket No. 13-84

The current RFR exposure limits have impacted my well-being and caused me to experience health problems. All living creatures living in my home began having symptoms of chronic sleep disorders, headaches, digestive disorders and mental health issues within about 3 months of cell phones signal strengths increasing in home and smart meters being installed.

I have receipts dating from spring through summer 2013 for doctors and veterinarians prescribed medicines which required continuous use to control symptoms. The symptoms began to subside only after disabling all cordless phones, all home Wi-Fi systems, all Bluetooth devices, and covering both smart meters and windows with aluminum screens.

All the birds and bees in the immediate area a flown or disappeared and only can be seen occasionally on outskirts either early in mornings or ahead of storms.

I currently limit the use of my cell phone and would really very much wish to keep 24/7 RF radiation from cell towers and smart meters out of my living area and bedroom especially from sundown until sunrise.

Photos of costly attempts to prevent RF radiation from 24/7 entrance to home results of some side effects are included below.

Multiple smart meters with over 100 foot range placed within 30 feet of living and sleeping area. The 2 smart meter for my neighbor is placed in yard doubling my 24/7 radiation exposure.

Aluminum foil covering smart meters to significantly reduce 24/7 radiation without any measurably negative effect upon meter performance. This suggests over radiation.

Covering entire windows and doors with aluminum screening only slightly reduces 24/7 rf entrance into home.

Covering entire windows and doors with aluminum screening only slightly reduces 24/7 rf entrance into home.

Chronic bloody stool syndrome during periods of maximum rf radiation exposures.

8/30/2013

Chronic bloody stool syndrome during periods of maximum rf radiation exposures.
